Category P

If you cannot find a suitable colour in either category, you may choose from our Category P range, also known as customer-specific project colours.

- Selection is always subject to consultation with your account manager, due to order volumes and availability
- Standard food-safe, unless explicitly indicated otherwise >> **non-food**

Suitability will always be assessed in advance on your behalf

Definition of a Project Colour?

Raw materials for colours that are purchased in large volumes by one or two customers may remain available as so-called project colours.

Please note:

If the purchase volume of the respective colour decreases, we cannot fully guarantee its continued availability. In such cases, renewed consultation will be required.
